

How to Create a Circulararama

1. Colour the template and additional objects.
2. Cut along the solid lines, including the line running into the middle of the circle.
3. Fold along the dashed lines.
4. Overlap the 'Base Section' and 'Glue' section and stick together.
5. Arrange and stick the 'Additional Objects' into the Circulararama.
6. Combine three templates to create a 360-degree diorama.

What is a Circulararama?

A circulararama is a circular diorama.
